

Job Posting Notification

Position: Implementation Project Manager

Position Location: Tulsa, Oklahoma

Contact: resumesOK@vgt.net

Position Summary:

The Implementation Project Manager coordinates the efforts of team members and third-party contractors and consultants in order to deliver a GP Dynamics ERP project according to plan. SAP, Oracle and other ERP experience is highly desirable. This technical position requires a strong knowledge of the process and management experience from the Statement of Work phase through full project lifecycle to implementation / go-live.

Duties/Responsibilities:

- Define project scope, goals and deliverables that support business goals in collaboration with senior management and stakeholders.
- Effectively communicate project expectations to team members and stakeholders in a timely and clear fashion.
- Liaise with project stakeholders on an ongoing basis.
- Set and continually manage project expectations with team members and other stakeholders.
- Plan and schedule project timelines and milestones using appropriate tools.
- Track project milestones and deliverables.
- Delegate tasks and responsibilities to appropriate associates.
- Identify and resolve issues and conflicts within the project team.
- Identify and manage project dependencies and critical path.
- Develop and deliver progress reports, proposals, requirements documentation and presentations.
- Proactively manage changes in project scope, identify potential crises and devise contingency plans.

Requirements:

- Bachelors Degree required with a minor or concentration in computer science, information systems, engineering, or technical area.
- GP Dynamics Implementation experience
- Six years experience in software project management with demonstrated knowledge of software design and architecture and current project management methodologies such as TQM, CMM, PSP, Extreme programming, etc.
- Knowledge of technical systems that support business operations.
- Assist and participate in software architecture discussions and trade-offs.
- Demonstrated ability to manage people, work with vendors and settle disagreements among conflicting entities.
- Excellent communications skills both orally and in writing.
- Extensive air travel.
- Experience in implementing systems changes.
- PMP Certification preferred.
- MRP system implementation preferred.
- CRM system implementation preferred.
- Bar Coding system implementation preferred.

Qualified and interested persons should send resume and cover letter to resumesOK@vgt.net stating the position title in the subject line. Please include salary requirements. Only candidates selected for consideration will be contacted. **No phone calls please.**
